Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 222 pages. We do not normally view ourselves as infinitesimal. In fact, it is easy for us to see mankind as the center of importance. Our pride deceives us in our perspective of ourselves and the things that surround us. On one extreme we have atheists who deny the existence of God. And I would suppose that religious people would classify themselves at the other extreme since we believe in God as the creator of the universe. But do we see all of creation all of life from Gods perspective Or do we still tend to see mankind as the center of creation Are we still more concerned about where and how God fits into our lives and purposes rather than how man fits into Gods life and purposes Even as Christians, we tend to highly favor mans perspective over Gods perspective. This book is a biblical study looking at our existence from the standpoint of Gods purposes. God does not exist for man! Man was created by God and exists for Gods purposes. This study focuses on Gods purposes for creating man and how we can live for God and his will for us. This item ships from La Vergne, TN. Paperback.
