Diese Faktoren werden im Kontext von der Finanzproduktentwicklung, Risikomanagement und dem Erfolg von neuen Finanzprodukten auf dem Markt präsentiert. Am Ende wird die Frage beantwortet: How can a new product development model be applied to Islamic financial product development and how to address governance risk management in order to contribute towards new product success, abstract: 1.1 General Introduction to the Topic Islamic finance is on the march. The underlying logic is simple: All investments and services are consistent with the principles of Islamic law, called Shari'ah, which literally means a clear path to be followed and observed (Hourani, 2004a). This clear path is followed only if profit does not stem from interest (riba), speculation (gharrar) or sectors that are considered...
