AUTHORHOUSE, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Using the principles in this book, the individual investor, the small business man, corporate executives and those developing careers, have a unique opportunity to prepare a strategy for the sea changes in investment choices, consumer demand, business opportunities and social changes forthcoming. Not doing so will ensure failure. At the turn of the 20th Century approximately one out of every three people on earth were of Caucasian or 'white' ancestry. By the year 2000 that number stood at one out of seven. By the end of this century, demography experts predict that number to plunge to one out of twenty. Likewise in the United States, in 1900, approximately nine-tenths of the population was white. By 2000 that number had dropped to seven-tenths. Demographers project that number to be less than one half by 2053 and a little more than a third by the end of the century. The reason? If you were to ask the layman on the street he might respond 'It s because Africans, Asians, Indians or Middle Easterners are reproducing in large numbers.' However, in actuality, the birth rates of these 'developing' populations though still at a high level have themselves declined over 50 percent in recent years. The core reason for this disproportionate Caucasian decline is their own extraordinarily low birth rates the subject of this book. From the days of early Rome, throughout the reign of the Titans, into the development of constitutional law and the cultural and technological breakthroughs of the 20th Century, indisputably, Caucasians have led the charge and reaped the concomitant high living standards, asset, status, and wealth benefits. This will begin to change by mid century. Many celebrated authors in the demographics...
