

Starting Your Own Practice from Scratch: Medicare Part B, G-Codes, Pqrs and ICD-10 (Paperback)

By Caroline Joy Co Pt

Createspace, United States, 2010. Paperback. Book Condition: New. 251 x 201 mm. Language: English . Brand New Book ***** Print on Demand *****.The primary goal of this course is to provide you with a step-by-step guide to build your very own practice from scratch. From beginning to end, its content will give you step-by-step guidelines. If you put your heart and mind to the task, then you will surely succeed in establishing your own health facility. Physical therapy is one of the most challenging fields in the health care industry to run. In an ever-changing and fast-paced healthcare industry, rules and regulations about coding and billing affect physical therapy practice. Over the years, patients who are the primary payers of health care have become more meticulous in scrutinizing the manner in which care is provided for them (Forbes, 2014). Such attitude has risen among patients because of cases where there have been overpayments of medical bills where a request for refund has to be made when a case of overpayment is detected. The focus of this book is to enhance the skills of the physical therapist in practically solving challenges associated with coding and billing in order to make a...
