Brand New Book ***** Print on Demand *****.I Found God in Me is the first womanist biblical hermeneutics reader. In it readers have access, in one volume, to articles on womanist interpretative theories and theology as well as cutting-edge womanist readings of biblical texts by womanist biblical scholars. This book is an excellent resource for women of color, pastors, and seminarians interested in relevant readings of the biblical text, as well as scholars and teachers teaching courses in womanist biblical hermeneutics, feminist interpretation, African American hermeneutics, and biblical courses that value diversity and dialogue as crucial to excellent pedagogy. The seed for this wide-ranging volume in womanist biblical hermeneutics was first planted at Howard University Divinity School and has now grown into an excellent collection of essays which constitute a significant contribution to an ever-growing corpus. It provides rich and rewarding reading for those--female and male alike--who would wish to hear the Bible as a liberating word of life for our time--especially for African and African-American women. Highly recommended. --Gosnell L. Yorke, Institute for African Renaissance Studies, University of South Africa, Pretoria, South Africa Smith has brought together outstanding studies by established scholars and skilled doctoral candidates and given us a challenging and thought-provoking collection of essays. It is good reading for pastor and academician alike: for pastors to see the many implications of a growing movement for fellowship in the black church; for academicians to engage in a continuing activity that is not dissipating but growing, a movement which has significant implications for the interpretation of Scripture and the development of Christian theology and ethics in the future. The church and the academy are indebted to Smith for this significant, stimulating study. --Thomas...
