OUTLINE AND NOTES ON UNITED STATES HISTORY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Outline and Notes on United States History One end has been kept steadily in view - to furnish the method and the material for a rational stud of United States History - to state the problem and furnish the means of its solution. Two things have been done to secure this end: 1. A discussion of the Central Truth in the subject and the necessary relations under which events can be viewed; 2. A presentation of material, original and selected, and of an outline and references to matter found either in text-books or libraries. To furnish the student the method and material of thought which shall yield the highest discipline and culture, is not an easy task. This question constantly confronts one: How much can the teacher safely do? How far shall a discussion of the Central Idea and its application in working out the problem be carried? Shall the outline present the logical relations of the subject, or shall the student be required to discover them? After the Introduction, the thinking and organization of the subject is done mainly by the student - the work of the teacher being directive. This book was written for use in this school. It is adapted, however, to use in High Schools, and such other schools as place the history of our country on a higher plane than can be reached by the Grammar Grades. It is hoped that it will be helpful to such teachers as are trying to make a real study of History. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
